# OSTERIA DELLA CORTE

This small restaurant with 17 century stone walls and exposed stone arches also boasts a courtyard for summer dining. The delicious yet simple cuisine focuses on fish and seafood. Rich flavours are a must for chef Silvia Cardelli, whose classic dishes include spaghetti with seafood and Tournedos Rossini - There's also an excellent selection of wines (700 labels), with interesting recommendations provided by the sommelier. Probably best restaurant in town in the centre of La Spezia. Expensive, fine dining.
